INTRODUCING OUR SPORTY COLLECTION: THE IBIZA SC.
It's arrived. The SEAT Ibiza SC: our new line of sport couture inspired by the runway and the highway. Contemporary and dynamic, the SC was custom-made for those who want to make an impression on the road and off. When we designed the SC, we wanted to build a car that was sleek and slim fitting but also big on features and detail. A car that could please fashion gurus and performance lovers equally. What we ended up with was a bold masterpiece of street fashion, perfect in more ways than one: in its styling and detail but also in performance and safety. A unique combination of striking good looks with cutting-edge technology.

A car that’s stunning from the inside out. But don’t take our word for it, try one on for size – especially the new Ibiza SC Bocanegra, Cupra or FR. It’s all you need to look the part this season.

*Alloy wheels shown in this image available as an accessory.
SPORTY NEVER LOOKED SHARPER.
We wanted the Ibiza SC to make a statement. To stand out from the crowd. To do this, we had to start with what the eye sees first. We knew the exterior had to be fresh and rewarding, to look at from every angle. Every line had to be sculpted for a reason and flow effortlessly with the car as a whole. And that’s exactly what we achieved. Stand in front of the Ibiza SC and you’ll see its distinctive shape is formed from lines that start from the new, chromed grille*. The lines then dash around the front over the wings, upholding the shape of the car right to the rear. They transmit a confident, urban attitude. One look and you’ll realise that the SC has a dynamic presence on the road. This is one car that’s all dressed up with places to go.

*Bocanegra and Cupra versions feature a black grille surround
AN EXTERIOR THAT CLASHES WITH BORING.
The Ibiza SC is our way of improving the look of our roads and highways. And with so many well-crafted exterior features, it’s never been easier to dress up any route you may find yourself driving along.

Have a look at the chromed grille frame, the optional bi-xenon front headlights with Adaptive Front-lighting System (AFS). Pure style. This sleek little number even sports a rear spoiler with third brake light, and specially designed rear lights that command your attention. Now zoom in to the door handles, side mirrors and bumpers, all perfectly matching the body colour.* And while we’re talking colour, the Ibiza SC is available in this bold Galia Blue^ paint from the Custom Palette.

* S and S A/C have black plastic mirrors and handles. FR, Cupra and Cupra Bocanegra models feature customary silver or black painted door mirrors.
^ Not available on E, Good Stuff and Bocanegra models.
AN INTERIOR THAT FITS YOU LIKE A GLOVE.
Every stitch in a finely tailored suit serves a purpose. Likewise, you’ll find that every detail in the Ibiza SC has its place. The multi-functional and stylish dashboards of the Ecomotive version and above are supplied with a brand new board computer that lets you know average speed, fuel consumption, and time spent on the road. Air conditioning or automatic climate control makes for the perfect driving temperature. Then there’s the upholstery: fully adjustable seats with logos stitched into them on the FR, Cupra and Bocanegra models. You’ll feel as unique as you do comfortable. And a collapsible and height adjustable steering column lets you stay in control.
SPORTINESS YOU CAN FEEL.
The Ibiza SC is sportswear that’s tailored to you and every corner of the road. Even though you may feel relaxed in the driver’s seat, rest assured, the SC won’t let anything get between you and the thrill of the drive. Our Electronic Stability Programme (ESP) monitors information from the steering wheel, tyres, brakes and accelerator, making adjustments to ensure safety and accuracy with every turn. All models with 100PS and above also gain our revolutionary XDS system when specified with ESP* - an electronic differential lock, which gives you better transfer of power when accelerating out of a corner. The newest generation Anti-lock Braking System (ABS) and Traction Control System (TCS) let you stay fully in control.

* FR, Cupra and Bocanegra versions are equipped with ESP and XDS as standard
Now that the Ibiza SC is out, performance is officially 'in' this season. And at the heart of the SC, you’ll find a range of engines to suit any taste and stir up some real emotion. Choose from six economical petrol engines, or two frugal yet potent turbo diesel powerplants. The petrol options range from a 1.2 60PS engine through to a highly efficient 1.4 TSI twin-charged 180PS engine married to a 7-speed DSG gearbox with F1-style paddles. Diesel buyers can now choose from the all-new Ibiza SC 1.4 TDI 80PS, available as the Ecomotive with CO₂ emissions of just 98g/km, or the sporty 2.0 TDI 143PS Common Rail engine. Whichever engine you decide is right for you, they all offer the perfect torque and pace to give the Ibiza SC a lively feel. There’s the promise of a responsive driving experience, every time. So, put your foot to the floor and accelerate in style. Why follow the fashion trends when you can lead them?
A range of petrol engines, including the Cupra’s 1.4 TSI with 180PS, offers something for everyone.

Common Rail technology boosts performance while reducing fuel consumption and emissions.

POWER: ONE SIZE DOES NOT FIT ALL.
Every fashion classic worth talking about has something that makes it unique. It could be the texture of the fabric or the way it’s sewn. In the case of the Ibiza SC, it’s things like smart looking front headlights with ‘Coming Home Function’, a little feature that keeps your lights on after you turn the car off so you’re not fumbling for your house keys – a major faux pas. You also have the option of upgrading to Bi-xenon headlights with AFS (Adaptive Front-lighting System). These actually follow the direction of the steering wheel, offering a wider field of view.

Bi-xenon headlights with AFS follow the direction of the steering wheel, providing illumination where you need it most.

The front fog lights, with cornering function, train themselves in the direction that the car is turning. (standard on SE versions and above)
vision and super accurate focusing. If you want to add a soundtrack to your fashion show, the AUX-in and an optional iPod® compatible USB port make it easy to rock out. You can adjust the 6* speaker stereo system by hardly lifting a finger thanks to the standard steering column controls. And optional integrated Bluetooth® technology lets you operate your mobile by voice command - just in case you need to tell someone you’re running late. Fashionably late, that is.

Connect your iPod® via the AUX-in and USB port. (For full iPod integration and a charging facility, an additional adapter is required. Please contact your local dealer for more information.)

With the help of the optional Bluetooth® and steering column paddle controls your mobile and stereo are wrapped around your little finger. Extra safety comes in the form of a tyre pressure warning indicator.

Navigation pre-installation for TomTom®. Additional support cradle and navigation device available as accessories and need to be ordered separately.

Relax, there’s Cruise Control.® To prevent the car from rolling before you are ready, Hill Hold Control applies a two second delay while your feet switch between the pedals.

Navigation pre-installation for TomTom®. Additional support cradle and navigation device available as accessories and need to be ordered separately.

* 4 speakers on S, S A/C and Ecomotive
^ Depending on mobile. For details of compatibility tested phones go to seat.co.uk.
1 Standard on SE, FR, Cupra and Bocanegra
2 Optional on SE and above
3 Standard on SE, FR, Cupra and Bocanegra
4 Only compatible with TomTom One Europe. Additional cradle required, available for V3 or V4/IQ Routes models. Please contact your local dealer for more information.
Style and safety go hand in hand, so we’ve equipped the Ibiza SC with the most advanced safety features. In fact, the Ibiza range has already earned a prestigious 5 Star Euro NCAP. That’s no small feat. The list of safety features includes front head and chest airbags for driver and passenger, tyre pressure warning indicator, and Hill Hold Control – a handy feature that delays the brake for 2 seconds so you can take off on hills like a pro*. And because preventing an accident is the best safety feature of all, the SC comes equipped with the newest generation Electronic Stability Programme (ESP)* and Traction Control System (TCS). These systems monitor information from the steering wheel, tyres, brakes and accelerator, making adjustments when necessary, letting you stay in the perfect arc. And keep your cool.

* Optional on S, SE and Sport. Standard on FR, Cupra and Cupra Bocanegra. Models with 100PS and above also gain XDS (Electronic Differential Lock System).
SAFETY IS ALWAYS IN FASHION.
Club SEAT is an exclusive club open to all SEAT drivers and enthusiasts. It’s FREE to join and another great reason to consider SEAT. Members are invited to take advantage of a range of exciting benefits, including amazing prizes, fantastic offers, inside news, invitations to special events, car care tips – and so much more...
Inspiration for an Active Lifestyle

Club SEAT is about getting involved. We love music, sport, design, and energetic weekends. We'll inspire you to travel the UK and beyond, to see and try new things, expand your horizons and enjoy your free time – life is for living!

Unforgettable Events and Experiences

As a Club SEAT member, you’ll have the chance to enjoy some amazing experiences – from all-inclusive packages to fabulous destinations like Ibiza, Barcelona, Valencia and Porto to VIP hospitality at motorsport, music and football events such as the UEFA Europa League Final in Hamburg!

Insider News and Exclusives

Membership keeps you up to date with the latest news and special content on the Club SEAT website. So you’ll be first to know about SEAT innovations in design and engineering, get sneak peeks of new cars, plus expert advice on caring for your SEAT.

* For details of compatibility tested phones go to seat.co.uk

** Models with 100PS and above also gain XDS (Electronic Differential Lock System). FR, Cupra and Cupra Bocanegra models include XDS as standard.

*** Only compatible with TomTom One Europe. Additional cradle required, available for V3 or V4/IQ Routes models. Please contact your local dealer for more information.

^ Available on the 1.6 105PS Petrol engine.

^^ Ibiza Cupra Bocanegra available in Candy White or Dakota Red (metallic) only.

</table>
1 Electronic Stability Programme (ESP) provides perfect composure around every curve. Electronic Brake Assist (EBA) provides maximum braking power with a shorter pedal movement.

2 Navigation pre-installation for TomTom®. Additional support cradle and navigation device available as accessories and need to be ordered separately.

3 Bluetooth

4 Exterior of the panoramic glass sunroof
5 USB and iPod® connection allows you to take your favourite tunes wherever you go

6 Dark tinted rear windows

7 Racing brakes

8 Bi-xenon headlights with AFS

^ Only compatible with TomTom One Europe. Additional cradle required, available for V3 or V4/IQ Routes models. Please contact your local dealer for more information.

* For iPod integration and charging facility an additional adapter is required. Please ask your local dealer for more information.

Where law permits

**Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated with this standard.

* Ibiza Ecomotive (Eco), Good Stuff (GS), Sport (Sp), Cupra (C)
The SEAT Warranty

Three-year Warranty. All new SEATs registered in the UK come with a three year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer’s warranty with unlimited mileage plus a further one-year/60,000 (whichever is soonest) Dealer Warranty. Should the mileage exceed 60,000 miles within the first two years, the manufacturer’s two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised SEAT dealer or repairer, however, this additional warranty must be purchased before the mileage reaches 60,000. Cover is subject to the car being serviced and maintained according to the manufacturer's technical guidelines. Full details of the three-year warranty are available from your SEAT dealer or repairer.

Three-year Paint Warranty. The paintwork of the Ibiza SC is covered against manufacturing defects for a period of three years. Naturally, the Ibiza SC must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

Twelve-year Body Protection Warranty. The internal body sections and panels of the Ibiza SC are covered against rusting through from the inside for a period of twelve years. Naturally, the Ibiza SC must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

Terms and conditions apply.

SEAT Finance. SEAT Finance specialises in providing funding solutions for SEAT drivers. Whether your SEAT is for private or business use, you can choose from a range of funding options.

Vehicle Excise Duty and CO₂ Emissions. All vehicles first registered on or after 1st March 2001 are subject to a form of Vehicle Excise Duty (Road Fund Licence) based on the type of fuel the vehicle uses and its carbon dioxide (CO₂) emission level, measured in grammes per kilometre (g/km).

Optional Equipment.

Throughout this publication, wherever a feature is described as being an ‘Option’ or ‘Optional Fitment/Pack’ etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. Any vehicle ordered with optional equipment (other than metallic paint) will be subject to a 12 week minimum delivery period.

SEAT Business Sales

SEAT Business Sales is committed to meeting all your fleet requirements and driver needs. For Fleet & Small Businesses please call our Fleet Business Centre directly to speak to our business advisors on 0800 096 2328 or email us at businesscentre@seatfleet.co.uk. For Fleet & Small Businesses please call our Fleet Business Centre directly to speak to our business advisors on 0800 096 2328 or email us at businesscentre@seatfleet.co.uk. For more information on SEAT Business Sales and the Business Sales Centre network, please visit the Business Sales area at seat.co.uk.
SEAT is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. The information in this brochure can therefore be given as guidance only. While SEAT makes every effort to ensure that specifications are accurate at the time of publication (June '10), you should always check with your authorised SEAT dealership for the latest information. Due to limitations of the printing process the colours reproduced in this brochure may vary slightly from the actual paint colour and material. This vehicle and all its parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled/recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality. SEAT UK has made provision for the correct disposal and recycling* of all SEAT Vehicles when they are delivered by the customer to its national network of Environment Agency authorised treatment facilities. This service is offered at no cost to the last holder and applies to SEAT vehicles of any age which are substantially complete. The service is provided by Cartakeback.com and to find your nearest facility contact 0870 8505303 or browse to www.cartakeback.com.

* In 2006 all vehicles returned to SEAT were certified by UK Government to be recycled to 85%.

This brochure has been produced from Satimat paper which is Forest Stewardship Council certified.
