HP Mini 5101

HP recommends Windows Vista® Business

## HP Mini 5101

Premier, fully-functional companion PC with 10.1-inch diagonal LED-backlit display and Intel® Atom™ processors

Minimize the size and maximize your mobility with the stylish HP Mini 5101, HP's premier full-function business companion PC.

### **Business with style**

With a 10.1-inch diagonal LED-backlit display, a starting weight of only 2.64 lb /1.2 kg with a brushed aluminum finish, the HP Mini 5101 is anything but bland. And the durable all-metal case, with a magnesium base, helps protect your notebook from the rigors of work on the go.

### **Type, don't text**

HP Mini's generous, keyboard produces the kind of typing experience intended for mail<sup>2</sup> and IM.<sup>2</sup> The 95% full-size keyboard, plus a touchpad, offer full-sized notebook familiarity in contrast to smaller keyboards of some competing companion PCs.

### **Enjoy wireless in more places**

The HP Mini 5101 helps you connect in more places by offering optional Wi-Fi Certified WLAN<sup>1,4</sup> and optional WWAN.<sup>4,6</sup> Receive and send emails, conduct online research and instant message in more places.

### **Go light or go longer**

The HP Mini 5101 offers two battery solutions for lightweight configurations or for longer computing. Choose either the 4-cell battery for lighter weight or 6-cell battery for longer battery life.<sup>4,8</sup>

### **Stop squinting**

Choose from two available displays — A 10.1-inch diagonal LED-backlit WSVGA display (1024x600 resolution) or 10.1-inch diagonal LED-backlit 16:9 HD<sup>5</sup> display (1366x768 resolution), and see your screen with crystal clarity.

### **HP Professional Innovations**

*Built to simplify.* HP Fast Charge enables you to recharge your primary battery up to 90% in 90 minutes.<sup>3</sup>

*Built to last.* HP 3D DriveGuard helps protect your notebook's hard drive against impact, bumps, or drops using a three-axis accelerometer which detects sudden movement and initiates protective action.

*Built to protect.* Permanently destroy data on your hard drive in preparation for your system disposal/redeployment with HP Disk Sanitizer.<sup>10</sup> Once executed, data cannot be easily recovered even with advanced data recovery tools

# HP Mini 5101

HP recommends Windows Vista® Home Premium

1. Wireless access point and Internet service required and are not included. Availability of public wireless access points limited.
2. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 8 GB (for XP) and 10 GB (for Vista) of system disk is reserved for the system recovery software.
3. HP Fast Charge recharges your primary battery up to 90% within 90 minutes when the system is off.
4. Sold separately or purchased as an optional feature.
5. HD content required to view HD images
6. Broadband wireless requires separately purchased service contract. Check with wireless provider for availability and coverage in your area.
7. Microsoft® Office 2007 is a trial version; functionality is reduced after 60 days. The full version is sold separately.
8. Battery life will vary depending on the product model, configuration, loaded applications, features, & power management settings. The maximum capacity of the battery will decrease with time and usage.
9. Don't copy copyright-protected materials.
10. For the use cases outlined in the DOD 5220.22-M Supplement
11. Certain Windows Vista product features require advanced or additional hardware. See [www.microsoft.com/windowsvista/getready/hardwarereqs.mspx](http://www.microsoft.com/windowsvista/getready/hardwarereqs.mspx) and [www.microsoft.com/windowsvista/getready/capable.mspx](http://www.microsoft.com/windowsvista/getready/capable.mspx) for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer.
